

MOVABLE ARCHED WINDOW TREATMENTS FOR HALF & QUARTER CIRCLE WINDOWS

- Custom window treatments for large half circle windows (24" to 144" diameter) and quarter circle windows (12" to 72" radius).
- Two shades operate separately. Easily adjust either window treatment position to: open, closed or any position in-between.
- System handles arches with up to +/- 2 inches of "imperfectness".
- Patent pending system offers privacy.
- Optional motorization.
- The quietly operating mechanism works with all leading brands of double cell pleated shades.
- Control both light and thermal conditions and protect your valuable furnishings from damaging UV rays.
- Shades are easily removed for cleaning or décor change.
- Built to last as long as your home.

Lose the sun, not your view.....completely unobstructed view when opened.
